Compost Biology Submission Form

Instructions:

- Take several samples from 6 to 12" into the pile, halfway between the top and the ground.
- Mix the samples together. Place **2 cups** of mixture in a sealable sandwich-size plastic bag.
- Be sure to leave some **air** and empty space in the bag. It should be about **half full**.
- Send samples by **Next Day Air** or similar service.
- See www.soilfoodweb.com for more detailed sampling instructions.
